E-Bulletin for the month of August, 2021

KHALSA MODEL SENIOR SECONDARY SCHOOL **(SENIOR SECTION)**

Nation First, Always First

This year, the theme of Independence Day is 'Nation First, Always First' to honour the sacrifices made by our freedom fighters and the glorious path laid down for generations by them.

We realise that freedom is not just about emancipation from bondage. It's also about breaking free from fear, self-doubt, restriction and old practices that hamper creativity and advancement.

I consider Rabindranath Tagore's poem as the all time greatest of expression of freedom and independence.(Gitanjali)

“Where the mind is without fear, and the head is held high.....Let my country awake”

For all the stakeholders of education, freedom comes in the form of our New Education Policy which guarantees 15 years of rightful and compulsory education for all children, and envisions a totally transformed schooling and higher education system by 2030. The much awaited and appreciated moves such as low stakes board exams, introduction of internships and vocational education as a part of curriculum from class.6 upwards, increased flexibility and scope for a seamless blend of subjects in class.11 across commerce, Humanities, and Science streams, and the inclusion of Pre-primary into the formal education model of 5+3+3+4 are sure to make the vision of Self Reliant and Empowered India a reality very soon. All these changes came right on time for us and they are all

complimentary to our vision of imparting education with Global Competence and Ancient Wisdom.

With pandemic technological advancement reached its height in the education field with the whole system going online showing us a new way of teaching learning process. All the teachers, parents and students of Khalsa participated in the process with extraordinary zeal.

The management committee of the school gave us direction, motivation and stood by us in every step to make teaching learning possible in online mode.

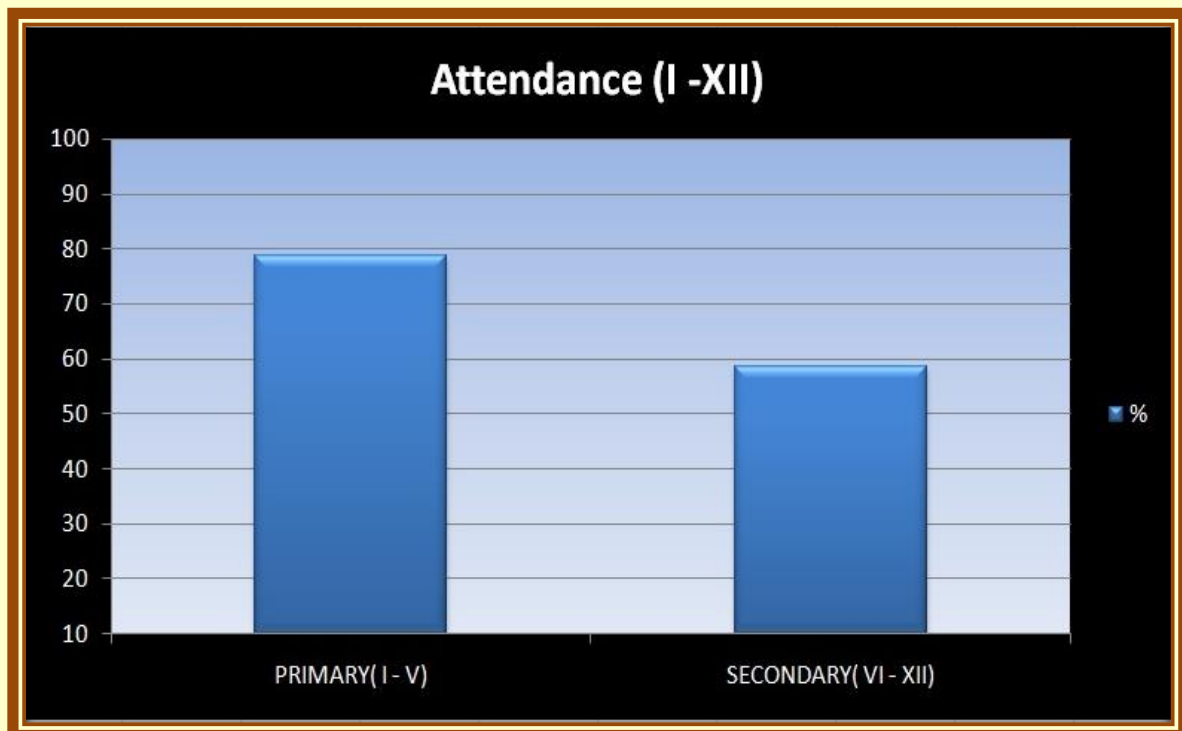

Dear all, the intensity of the pandemic has come down, but the coronavirus has not yet gone away. We are yet to come out of the devastating effects of its recurrence this year.

As patriotic citizens, let's put extra effort into performing our civic responsibilities. It is only by working together that we can build a resilient and thriving nation.
