E-Bulletin for the month of November, 2021

(SENIOR SECTION)

November, the month of celebrations.

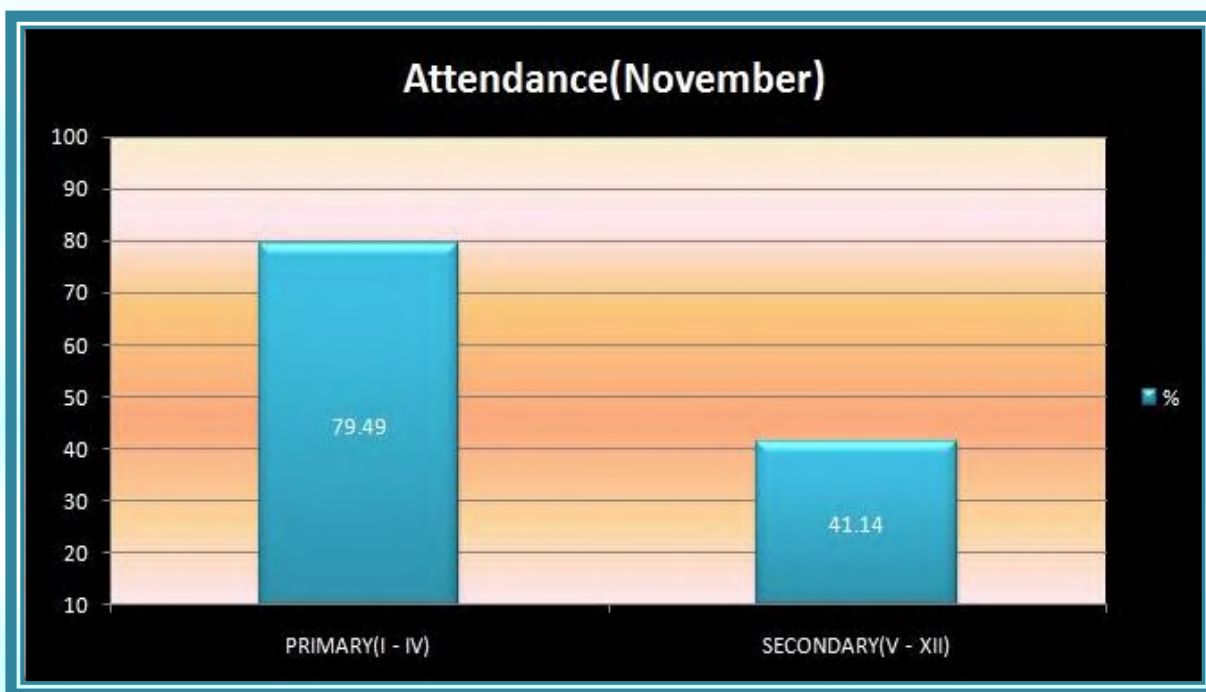

Celebrating events and festivals in our school has become an integral part of learning and building a strong cultural belief. For students, it is a great way to understand the rich heritage of India and learn about the importance of various festivals. Along with enthusiasm and fun for the activities, qualities like sensitivity, creativity and togetherness are also inculcated in the students. Apart from regular online academics activities like these become very important when children are missing out on essential academic and social-emotional learning and other developmental necessities when they are kept at home due to Pandemic.

With the announcement from the state government to reopen the schools at Khalsa we have started hybrid learning that would bring alternating groups of students back into school buildings under conditions of strict social distancing for classes IX -XII. Looking forward to students of all the classes coming back to school in a normal way.

Dr. Gurmeet Kaur Arjani
