E-bulletin for the month of July, 2020

Growing with Change

Covid-19 has been the catalysis for a change in the education system all over the world. The Covid- 19 pandemic has triggered a global realization that our current way of life does not work. The perception of what is normal is broken.

In the face of a crippling pandemic, technology has emerged as a major lifesaver. The online classes at KMSSS were conducted smoothly throughout the month of July and in a series of gradual upgradation and improvement in the online system of teaching and learning, we have now partnered with Microsoft Teams for providing the platform for conducting online classes.

This change on our way, we need to see solutions where most will see obstacles. I heard this advice; you can “GO” through it or “GROW” through it.

KMSSS has been very fortunate to have supportive Management, Teachers, Parents and Students through the whole process and as an Institution we are GROWING through the change.

A lot of activities were conducted in the month of July, music and physical education classes were the new addition to the online classes this month. This e-bulletin showcases the various experiences through which all of us got an opportunity to GROW.

“Every child is a different kind of flower, and altogether make this world a beautiful garden”.

We all are privileged to be part of this institute where our respected Principal “ Dr. Gurmeet kaur Arjani has successfully created a wonderful environment of positivity through virtual meetings with meticulous discussions and innovative ideas, during the prevailing situation of Covid-19, that has gripped the world.

My staff is giving their best with limited resources by putting their own problems at the back burner. Parents are also involved with their children and trying to motivate them every now and then with their endless efforts, by which kids align themselves with richness of happiness.

On behalf of KG- SECTION Staff, I extend my heartfelt thanks to one and all in creating E-bulletin, whether associated directly or indirectly. We are grateful to the Managing committee for their selfless service and endless efforts.

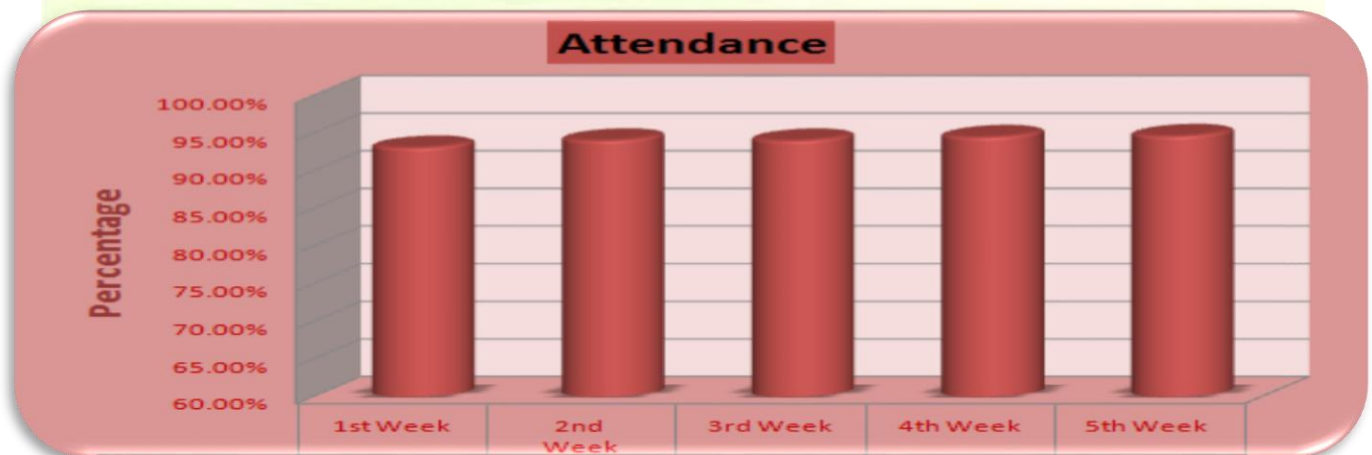

I pen off now with a magnificent quote.....

LIFE IS LIKE RIDING A BICYCLE. TO KEEP BALANCE, YOU MUST KEEP MOVING.
