E-Bulletin for the month of May, 2021

KHALSA MODEL SENIOR SECONDARY SCHOOL (Kindergarten section)

Being Resilient

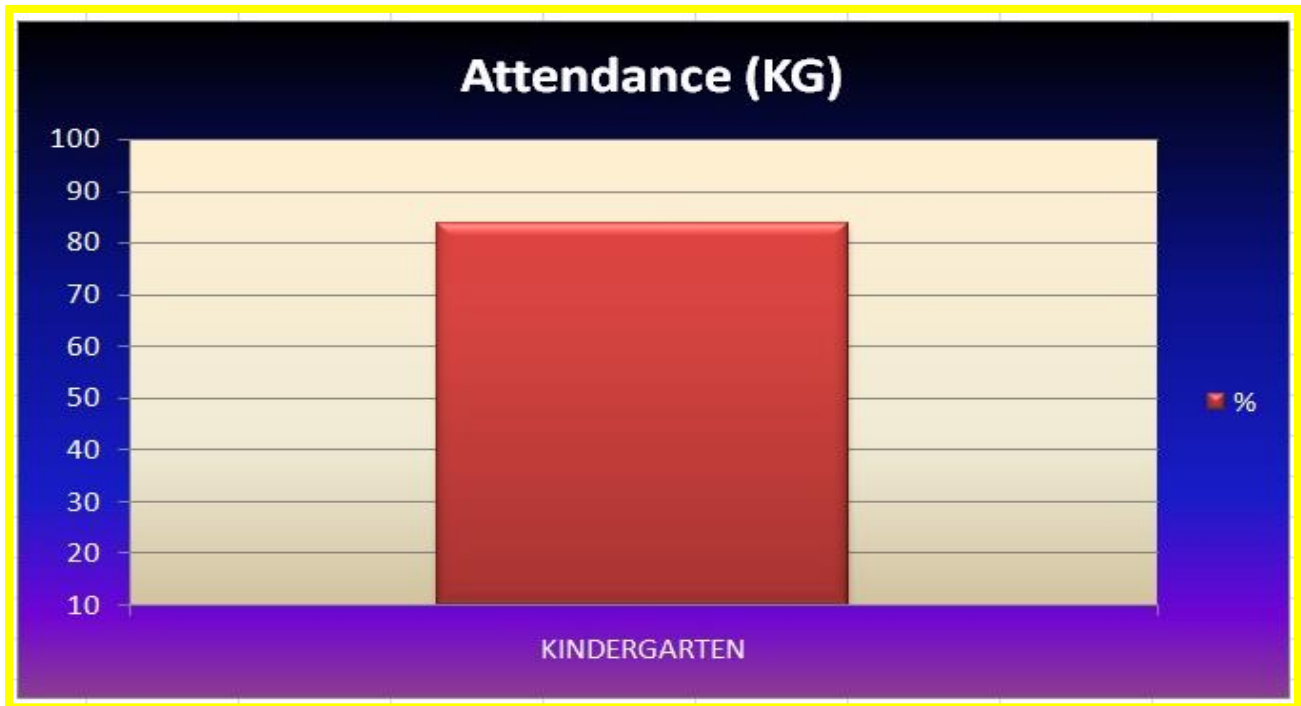

Currently, all of us are experiencing emotions, thoughts and situations we have never experienced before. We have to put in conscious efforts on a daily basis to be resilient. It is really hard to put on armour once again to try to be strong when we know that the upcoming wave is much more adamant. But let us keep in mind that we are together and what we can hopefully do is to try to stay resilient for ourselves and our family.

We do hope that in the coming days, we are going to overcome all the problems together and withstand every difficulty that we endure. Let us seek blessings from the almighty so that we remain courageous enough and wait for a new dawn to break.
