E-Bulletin for the month of May, 2021

KHALSA MODEL SENIOR SECONDARY SCHOOL (Senior section)

Being Resilient

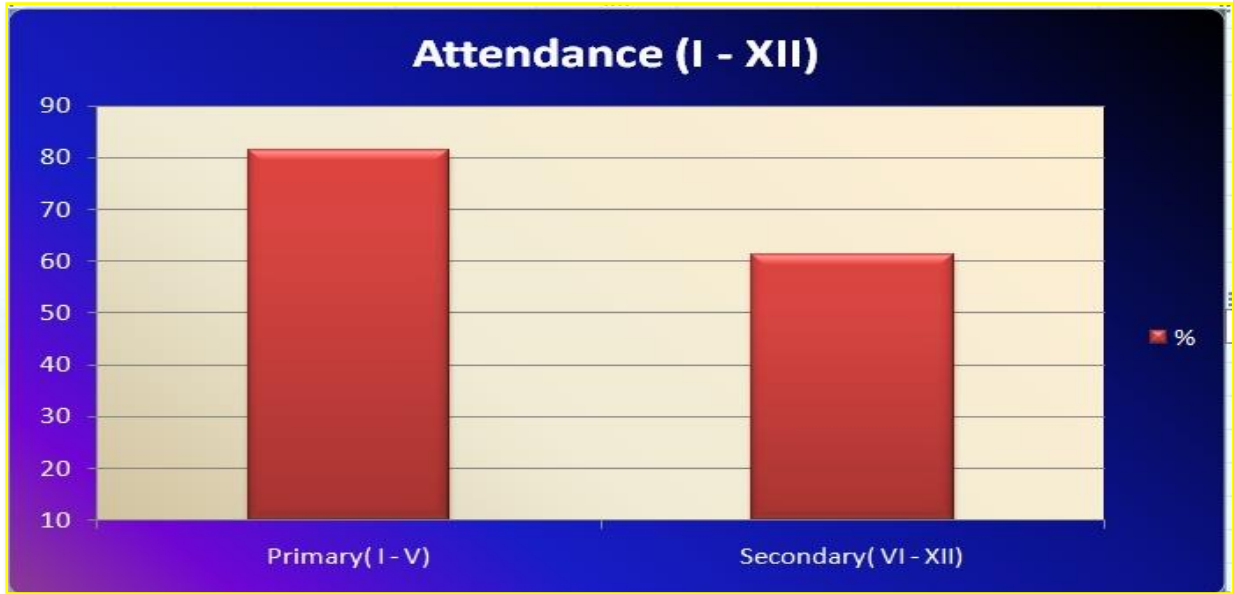

Currently, all of us are experiencing emotions, thoughts and situations we have never experienced before. We have to put in conscious efforts on a daily basis to be resilient. It is really hard to put on armour once again to try to be strong when we know that the upcoming wave is much more adamant. But let us keep in mind that we are together and what we can hopefully do is to try to stay resilient for ourselves and our family.

We do hope that in the coming days, we are going to overcome all the problems together and withstand every difficulty that we endure. Let us seek blessings from the almighty so that we remain courageous enough and wait for a new dawn to break.

Activities for the month of May commenced with May Day also known as International Workers' Day and as **Labour Day** in several parts of the world. Since today's children are gearing up to become adult citizens of tomorrow, an insight into May Day was prepared by the students under the guidance of able teachers to stimulate the curious minds.

Prajukta Paul of Class IX E, delivered a speech on May Day, celebrated on **1st day of May** every year. The KMSSS family appreciates the speaker for her active participation.

Best Out Of Waste - an inter school contest that was held in the month of April on the occasion of Earth Day, where a number of participants were involved and displayed their creative skill, left us awestruck. We are still awaiting the result of this event.

Two occasions shared the same date: **9th of May**, provided KMSSS students ample scope for recreation and exhibit their talents even during trying times. The students' wholehearted participation in online classes as well as in virtual programs have left a profound impact on all of us.

Rabindra Jayanti was celebrated on the occasion of **Rabindranath Tagore's** Birth Anniversary amidst poems, songs and dance performances. Speeches and recitations were delivered in remembrance of the Nobel laureate. The students participated enthusiastically winning the hearts of the spectators.

"Flowers in the field bow their blooms with awe in the presence of a mother. She is nature's blessing to all."

Mother's Day was celebrated in our school to honour the selfless humans who take care of us and nurture us through our lives.

Various events were conducted where children came forward to participate in Collage making competitions with mother's photo (Classes I- V) ; Breakfast preparation for Mothers (Classes VI - VIII) ; Share your feelings for your Mother (Classes IX- XII). Overwhelming response from students marked the success of this event.

Google form Test was conducted for all subjects to assess students progress in the Online Classes.

The much awaited **Summer Break** was welcomed by students. It extends from 24th of May to 11th of June. Several activities were provided to the students to foster creativity and help them grow physically and mentally fit.

Science Lab Activity During Online Class

LIFE SKILL ACTIVITY

Like the first month of this academic session this month also we conducted life skills classes for the students of class I-VIII during the first two weeks. This time our aim was to inculcate the values like -kindness, honesty, compassion, tolerance, politeness etc through storytelling and showing relevant videos .The development of the skills like leadership and empathy were also focused this time .for class VI-VIII the concepts of body boundary and personal boundary was also introduced. Enthusiastic participation and spontaneous queries of the students of all the classes made the sessions successful.

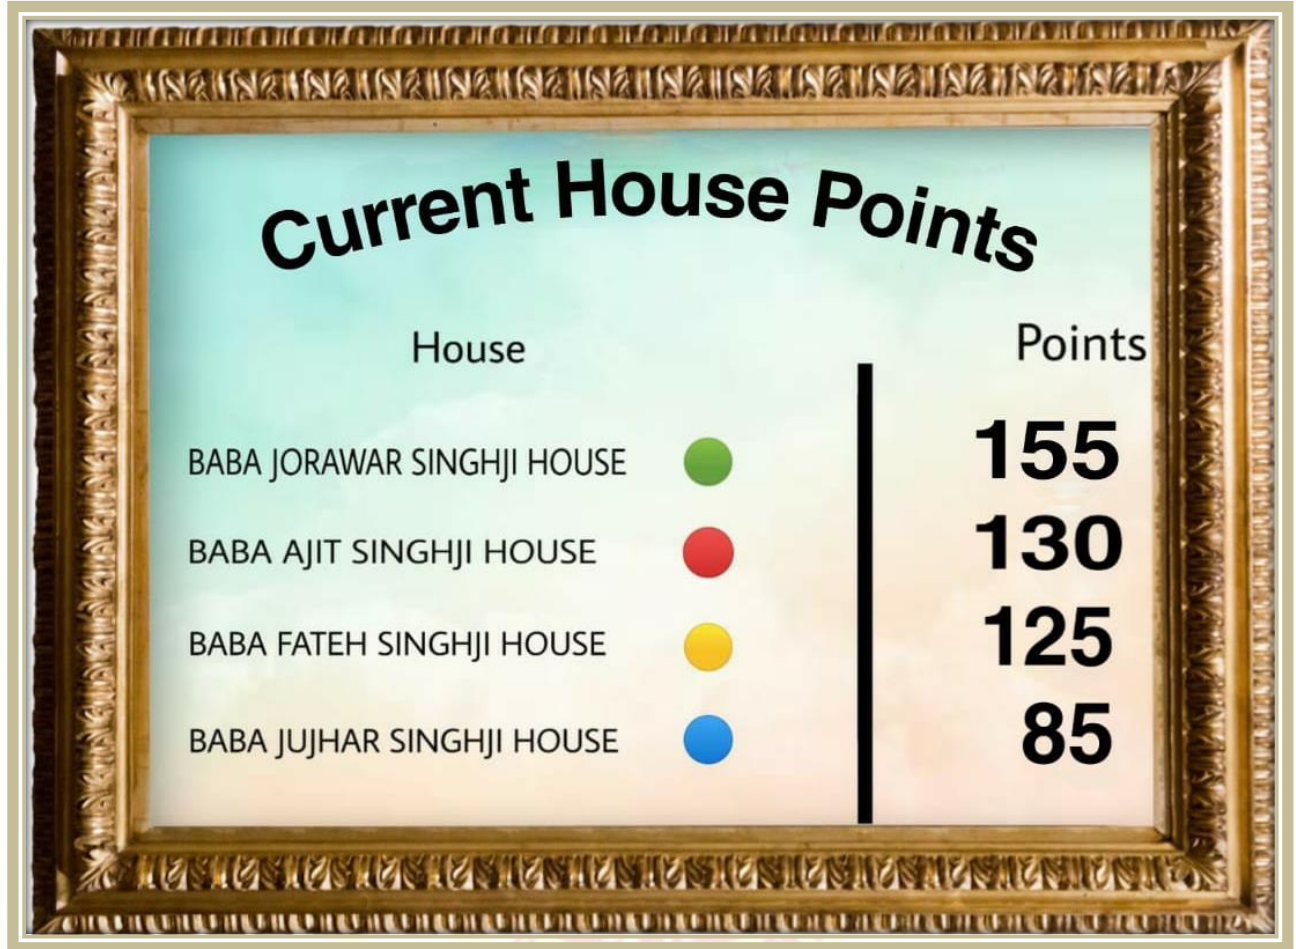

During the last two weeks of the month activities were sent to the students for promoting emotional wellbeing in students as summer activities.

COUNSELLING

Individual follow-up sessions were conducted online. Counselling sessions with some of the new cases (parental referral) were also started. All the sessions were conducted on the basis of the individualistic need. In few cases parental sessions were also conducted.
