E-Bulletin for the month of June, 2021

KHALSA MODEL SENIOR SECONDARY SCHOOL *(Kindergarten section)*

Message from Principal

Uncertain times represent a test of resilience, will and character. They measure our mental toughness, our capacity to grow and accept non-traditional ways of doing things. The result of today's uncertain times (as a constant) is a new level of awareness and appreciation of how we must become entrepreneurial in how we think, act and innovate in our daily lives. I enjoy being challenged and inspired by the people around me. I aim to enthuse and challenge staff and students to also be inventive and imaginative in their learning and day to day tasks. At Khalsa efforts are being made to give students an opportunity to engage productively and grow.

ATTENDANCE

Attendance graph for the month of June is shown below:

The rain soaked month of June invited several activities and events where the KMSSS family was involved readily. Turning the new normal into better normal, several online events became a platform to rebuild the future generation and provide imparting education. The Kindergarten Section along with their parents came together to take part in activities proving yet again education to be "a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations".

Craving for Waste

Waste materials become useful when ideas mingle to produce something unique while managing wastes. Crawling Caterpillars turned lively when Caps from Bottles were used. While some smiled, others winked and the rest found shelter among foliage.

Bits of Paper

Bits of paper arranged and moulded into delicious fruits.
