E-bulletin for the month of December, 2020

KHALSA MODEL SENIOR SECONDARY SCHOOL (KINDERGARTEN SECTION)

POSITIVE MINDSET IN TIMES OF CRISES

We hold the belief that success is always achievable with hard work and dedication. While this is true for many occasions, things do not always turn out as we would like them to be. There are limits to what we can do. However, I do believe that success is more likely achieved with hard work and determination. This is especially true for students during the time of crises like the one at present.

While a person keeps looking at things or events from the perspective of certain considerations, their character and temperament will gradually take shape in line with that way of thinking. People's way of thinking shapes their behaviour. While new opportunities are generated, success depends on the person's perspective.

At Khalsa Model Senior Secondary School, we are continuously organizing webinars on career guidance by eminent individuals in their field, from around the world, opening different avenues for the students.

We have also started sports training activity for high school on weekly basis with all the Covid - 19 precautions. A student should always maintain a good opinion about life, at every phase. No matter what level of education you have, if you want to succeed, you need to keep on learning and being a successful learner starts with having a positive attitude towards learning.

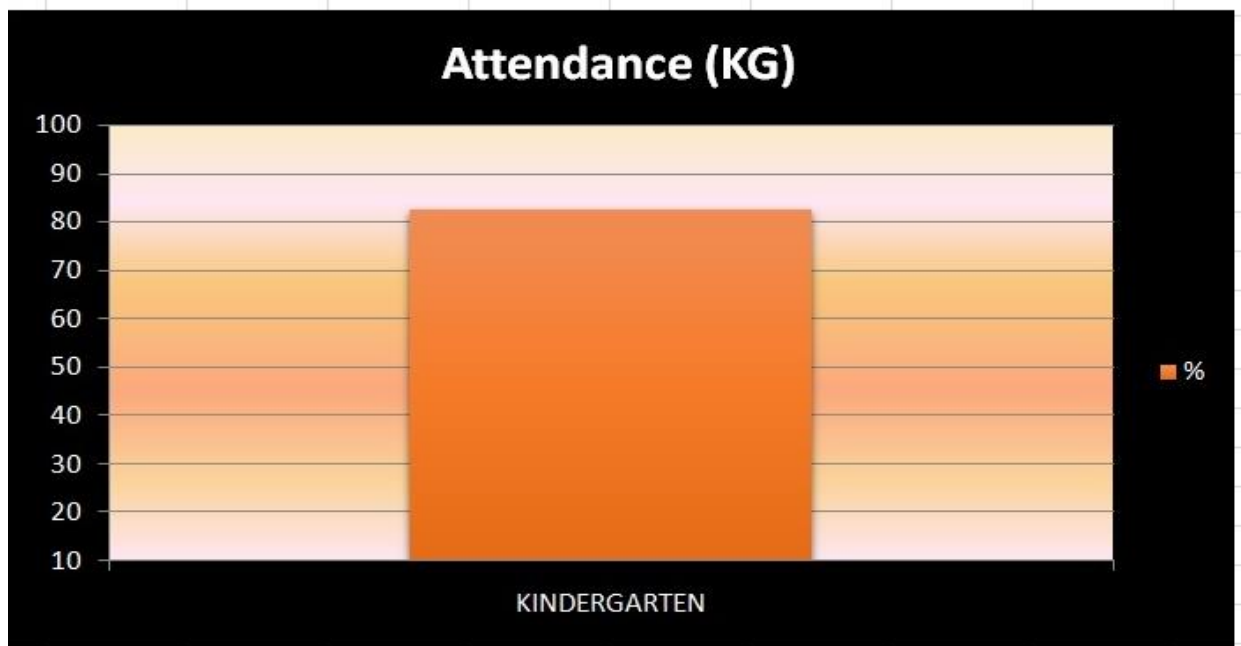

A positive attitude lets you to relax, remember, focus and absorb information as you learn and also makes you ready to welcome new experiences and recognize many different kinds of learning opportunities.

When you can see opportunities, hope increases!
