E-Bulletin for the month of January, 2021

KHALSA MODEL SENIOR SECONDARY SCHOOL (SENIOR SECTION)

Reach Your Goals with the Power of Positive Thinking

The pandemic has witnessed the most stringent home arrest in the history of mankind. The schools left with the only option of taking the classes on digital platform, the teachers have been on their toes to deliver the quality contents satisfactorily. We, at Khalsa are trying to ease the use of technology both for the teachers as well as the students.

Keeping in sight the National Educational Policy, we are bound to see new protocols and reforms in academics. This very well calls for the very fact that nothing else in the world is constant and necessary but change. The only respite is possible to adopt and adapt to the changing environment. Learning is seeing a new shift and that is having only the front gears. No other option than to focus and adapt to the new paradigm at the earliest. We need to survive to excel.

Our attitude is what influences all our actions. It is only the right attitude, which gets us good results. Positive thinking may be more powerful than you realize. A positive outlook has many benefits. It can help you keep a clear mind, as well as staying energized and organized. Positive thinking can also impact others around you. If you're happy and exuding confidence, your positivity can become contagious. You'll start to see things fall into place.

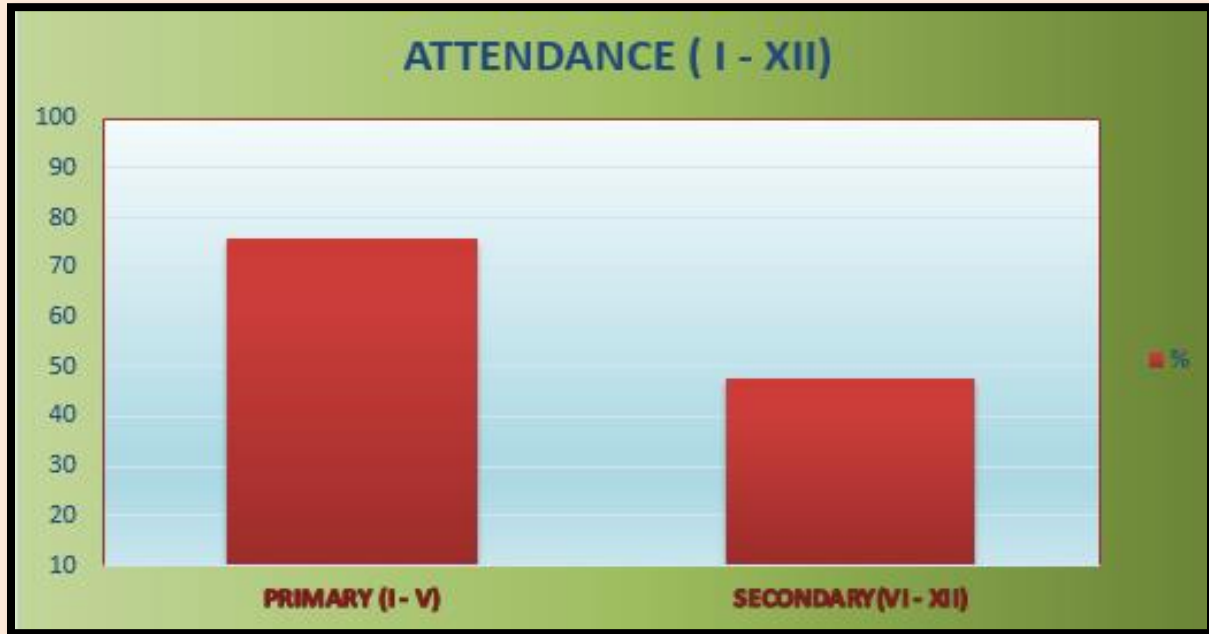

As a student, it can be hard to keep a positive outlook, especially when you're studying for exams and thinking about your grades. It has been said that Opportunity 'knocks' at every door. If we utilise it, it leads to success.

The power of positive thinking is one of the best gifts you can give yourself. So, take a deep breath and remember positive thoughts reap positive results.

Counseling on regular basis

Individual Counseling sessions on individualistic needs, were conducted for the students. Both online sessions and face to face interaction on monthly basis were conducted. Some parental sessions were also taken up in the school.

The Khalsa family welcomed the New Year with a positive outlook, embracing the worries and the turmoil that wrapped the previous year. New resolutions were taken to fulfill the targeted goals, new hopes rekindled and new vision awakened as the month of January ushered in.

The KMSSS students welcomed the month of January with Lohri celebration in the form of Drawing Competition (classes I - V) where 108 students participated with zeal. On the birthday of Swami Vivekananda, classes VI - VIII prepared charts based on Swami Vivekananda's messages. About 22 active participants were involved. No steps were left unturned to introduce the children with their culture. To teach them the significance of Makar Sankranti, dedicated to the deity Surya, Children were engaged to a poster making competition where they participated enthusiastically.

Netaji Jayanti, also known as Subhash Chandra Bose Jayanti was celebrated in our school to commemorate his contribution to India's struggle for independence. Role play with slogans of Netaji Subhash Chandra Bose was organised for classes I -V to introduce the children with Netaji's ideas. Children participated heartily.
