## E-Bulletin for the month of April' 2023

### KINDERGARTEN SECTION

From the desk of our Respected Principal Ma'am ...

Education can open our eyes and expand our minds unlike anything else. It allows us to continually reshape how we see the world, leading to an improved and more well-rounded life.

Teaching and learning is a continuous process and so, here we are once again resuming our learning activities. It's another academic year and we are excited to have you back in school. This academic year promises not only to be exciting but also challenging and we promise to be with you every step of the way. We encourage you to learn and explore your academic path with us and you will be delighted you did.

## UKG SECTION

7 April is the World Health Day

It is celebrated annually and each year draws attention to a specific health topic of concern to people all over the world.

The date of 7 April marks the anniversary of the founding of WHO in 1948.

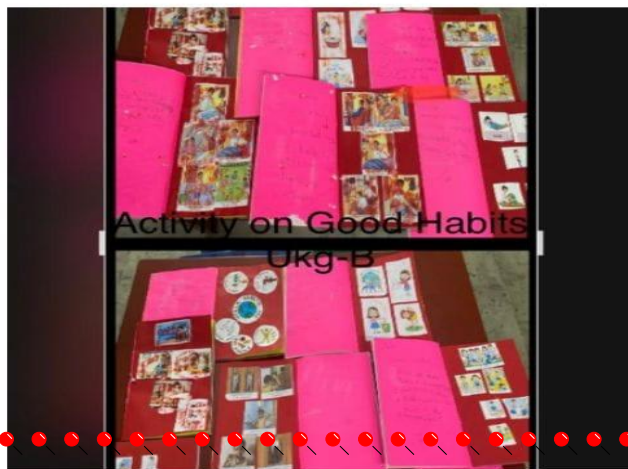

Children learnt the importance of this day and pasted pictures of good habits that will help them to grow healthy and fit.
