E-BULLETIN (SENIOR SECTION)

SEPTEMBER-OCTOBER, 2024

From the Desk of our Respected Principal Ma'am,

Every day, every moment is a celebration!

Life gives us many gifts and we should relish them all, explore them and celebrate them. Every day is a celebration of life and every day brings in a new dawn. We might gain or lose something as days go by but we must never lose our wisdom.

“The purpose of life is not to be happy. It is to be useful, honourable, compassionate, and to make a difference.” –
Ralph Waldo Emerson

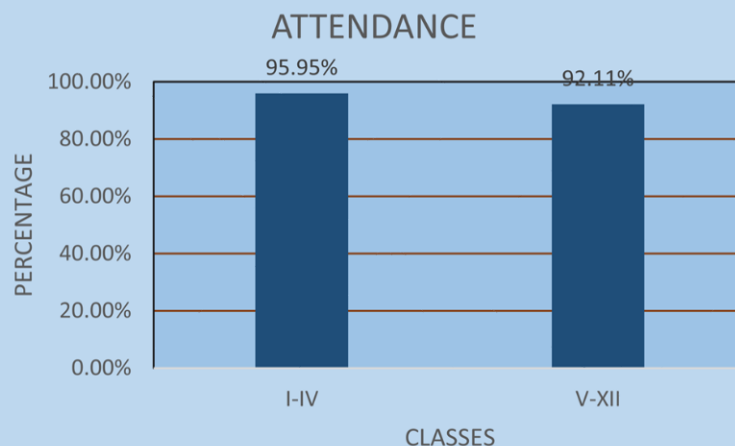

At Khalsa all the activities are designed such that every moment becomes a celebration. Students and staff enthusiastic participation creates an environment of happiness, joy, and good hopes that fills all of us with positive energy. Celebrating life is a powerful way to find solace, inspiration, and gratitude.

Swachhata Pakhwada is an initiative by the Indian government to promote cleanliness and sanitation across various sectors of society. The theme for Swachhata Pakhwada 2024 was "Clean and Green India" and "Waste to Wealth". Considering this thought, the students of Khalsa Eco club promoted plantation of trees for the environment. Soil treatment was done hand in hand by the students to promote greenery. Even the backyard of the school was swept by the students on the significant occasion for a cleaner environment. We believe a single hand can help and a dozen hands bring a real change for the environment. Demonstration on e-waste was done in the classrooms to bring a positive attitude among all. Overall it was a way to promote the thought of 'Cleanliness is next to Godliness.' On behalf of all the eco club members, we want everyone to instil this thought and promote that we must 'Live life cleaner. Make Earth greener.'

The Clothes Donation Drive was successful as many of the poor people happily accepted the clothes and gave blessings to the students.
