E Bulletin for the month of December, 2021 **KHALSA MODEL SENIOR SECONDARY SCHOOL** **(KINDERGARTEN SECTION)**

December 2020-21

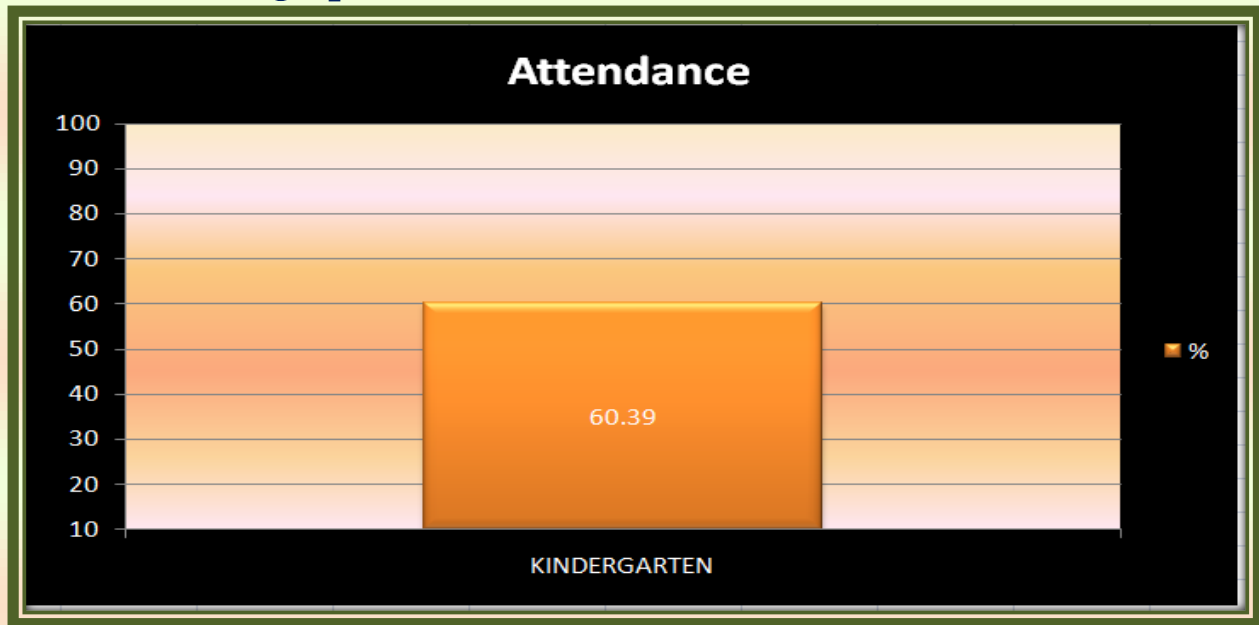

In the 21st century, the pure academic type of education that students are introduced to, is steadily paving way to a whole new type of education with a special focus to incorporate three major genres of education: reasoning, psychomotor and emotional learning.

Under such shaky circumstances, retaining a sense of normality for learners and their teachers has been crucial. One of the most pressing tasks facing educators was to ensure that students' learning is uninterrupted, Team Khalsa firmly believed that it can be achieved by working together and also ensured that school activities are designed purposefully to give an apt mix of student's participation in academics and also create a chance for all round development.

Attendance

Attendance graph for the month of December is shown below:

Laughter is the sun that drives winter from the face. The month of December brought with it its festivities and Carnivals. Knowing fully well that creativity fosters mental growth in children and acknowledges the uniqueness of a child. Hence the tiny- tots were involved in various activities that brought some variations into their confined life.

Nurturing *Nursery Students* through Activities.

Photo Frames using waste material like Ice Cream sticks taught them to combat wastes in an effective manner and through work they were able to express themselves to the fullest. Children pasting their family photographs onto their Photo frames strengthened their family bonds too.

Santa Came alive when Cotton balls were stuffed to reveal a plump, cheerful face of Santa that marked the arrival of Christmas and illuminated it. **Dressing like Santa**, a competition added to their merriment.

The Winter Carnival by *KMSSS Kindergarten students* was staged virtually to celebrate the upcoming winter vacation and wish each other Merry Christmas and New Year!! Children shook their legs to popular Christmas songs and indulged in Christmas Carols to brighten up their day. The cheerful smiles on the faces of kids ushered in the closing of the year-end enthusiastically.

The KG Section engaged themselves with Mary's **Lamb Creation** that emerged out of cotton balls. Although it did not follow Mary to school but it did provide us much laughter and fun for the entire class.

The UKG's creative corner involved mask making, fragments accumulated to form wall hangings, and Christmas decorative items.
