E-BULLETIN FOR THE MONTH OF DECEMBER 2023

From the desk of our Respected Principal Ma'am ...

Teamwork makes the dreamwork

Teamwork makes the dream work when you consider it to be like a jigsaw puzzle, where each piece of the mind is different, but when put up together it gives out the perfect picture. Likewise, people in the team have distinctive yet complementary roles. There is a saying that "Success is not about doing one thing perfectly but success is avoiding multiple possible ways that can fail". This can be achieved only when there are people with multiple ideas working together for a common goal.

Khalsa, a place where a multitude of personalities come together to learn. Each student comes from a varied background and Integrated teamwork on many levels helps the students to receive a thorough, well-rounded education. We observe in many instances teamwork can help sensitive students overcome their fears and learn how to deal with it, whereas teenagers who are vulnerable, with active involvement in varied activities overcome peer pressure effectively. The more they participate in a team and contribute, the more confident they become. Making an effort to do the best in collaboration with others is essential for their development. In the changing dynamics of education, the role played by our teachers has become more significant than ever. In today's multidisciplinary world, team building is crucial for success. As a student who wants to reach success, need to make sure that they are aware of the importance of teamwork.

"Teamwork makes the dream work", "Alone we can do so little, together we can do so much"

-Dr. Gurmeet Kaur Arjani
