E-Bulletin for the month of July 2022

SENIOR SECTION

From the desk of our Respected Principal Ma'am ...

Nature-Positive

The fast pace of modern urban living can be mentally and physically draining. Add the strains of a pandemic, and these challenges can multiply. With the Month of July pleasant change is visible in nature all around which has the capacity to generate a multitude of positive emotions, such as calmness, joy, creativity and can facilitate concentration. When you have positive perspectives, you perceive things differently and that enables you to feel more positive.

There is a new, powerful global consensus that "our world must not only become net zero, but also nature-positive, for the benefit of both people and the planet." Nature-positive manifests a new paradigm where we give more than we take, hence being a "positive" on "nature". At KMSSS we celebrate Van Mahotsav and

provide an outlet for students to express their care for and interest in protecting our natural environment. This year we planted a few planters with medicinal properties under the title Medicinal Garden to make the students aware of the invaluable benefits of plants.

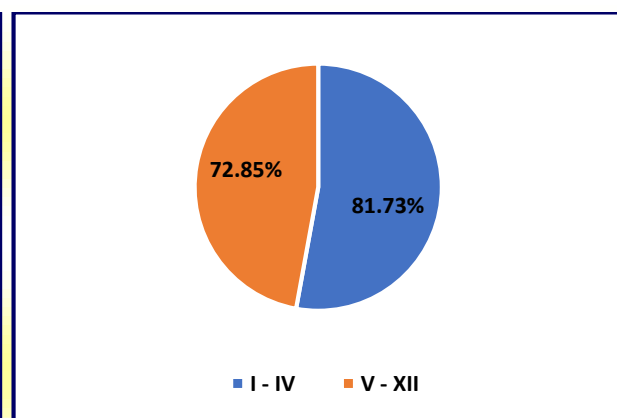

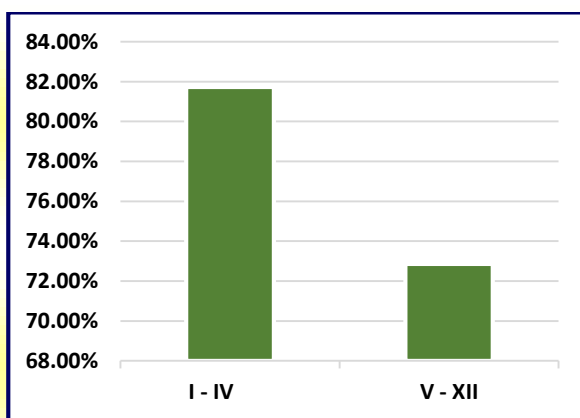

A nature positive goal is not some dream to be realized many generations from now: It is a goal for the next decade. And it is increasingly important. I urge all the Students, Teachers, Parents and all associated with KMSSS to be part of the nature positive movement because now is the time to act for a nature positive future.

EVENTS HELD

July is an incompatible month especially when KMSSS has arranged a surge of ventures under the guidance of our Principal Ma'am and the painstaking undertaking of the teachers, to keep the students cleaved to it. Our school, KMSSS, has arranged an array of learning methodologies engulfed with extra-curricular activities for the students, so that they could become accomplished with a volley of perceptions, be it, Interschool Gurbani Competition, Football Tournament, Inter House Kho-Kho tournament, CBSE Cultural Meet, Counselling Session, Science Exhibition at ISI, Van Mahotsav Celebration, Music Competition and last but not the least the declaration of CBSE results.

When students get involved in extra-curricular activities their interpersonal and intrapersonal skills get enhanced and in the long run it helps to improve the academic scores as well as social life. This will also help to create the prospective endeavours for our students. We all acknowledge all your efforts.
