KMSSS ECO CLUB

KMSSS Eco Club 2024 works towards environmental awareness among the students for environmental improvement and to inculcate the culture of eco-friendliness and environmental conservation among them. We also conduct several campaigns of cleanliness and hygiene among all. The first program conducted this year by us was celebration of Earth Day.

"The Earth is what we all have in common."-Wendell Berry

With this beautiful quote in mind, we the eco club members celebrated Earth Day, 2024 in the morning assembly keeping the theme 'Planet vs. Plastics' in mind. Our motto was to spread awareness among all to take care of the Earth and avoid plastics. The eco club students made posters and gave brief descriptions demonstrating 'the Earth we had' and 'the Earth we made' to inculcate in the students that the planet must be taken care of. Even posters on cleanliness were given significance to instil among the students the thought that school should be kept clean as it is a small part of the broader spectrum of the Earth. Lastly the program was concluded with the pledge taken by all present that we shall honour the earth and take care of it in every small way starting from avoiding plastics to keeping the planet clean.

The programme ended successfully with the wise thoughts of our honourable Principal Ma'am on Earth Day and its symbolism. I thank the eco club teachers and students for their unwavering support. Our members include-

Ankit Chowdhury - XIID

Subharthi Das - XIIC

Aryan Chatterjee -XIIA

Debosmit Banerjee -XIIE
